

P6623

Background Music - Amplifiers

Stereo amplifier (10+10 W), with 230 VAC power supply, to be used with any Sonecco controller.

GENERAL FEATURES

- 230V power supply
- BTL audio output 10 + 10W / 4 Ohm (RMS)

TECHNICAL CHARACTERISTICS

Power:	10 + 10W
Impedance:	4 Ohm
Frequency Response:	78Hz - 20KHz
Maximum Consumption:	45W
Dimensions:	179x42x51 mm

INSTALLATION

The connection to the 220/230V electrical network will be made with wires of 1 sqmm section minimum and double insulation.
